Re: Conduct of Training program on C.C.E. by Mr. S. P. Varma at
Satyakaam International School, Meerut.

This is to place on record our deep appreciation for the excellent training program conducted by Mr. S. P. Varma on C.C.E. in our school on 8.10.2013. The content and methodology used in the training program reflected Mr. Varma's deep insight about various critical issues involved in pupil evaluation at the school level.

Many of us look at C.C.E. as a step towards reform in evaluation alone. But the fact is otherwise. C. C. E. is a move towards comprehensive transformation of educational process in general and evaluation in particular. For successful implementation of C.C.E. teachers need to enrich themselves both in terms of content and innovative skills of pedagogy. I was happy to note that Mr. Varma could take this perspective forward to teachers during the training program. Needless to reiterate that Mr. Varma's long experience in school education qualifies him to be a befitting trainer of teachers.

I thank him profusely and wish him good luck in his future endeavours.

With regards,
Yours faithfully

Pavnesh Kumar
